

GOV. STONE IS SILENT.

Will Not Say Whether He Will Call
an Extra Session to Settle the
Big Coal Strike.

HARRISBURG, Pa., Oct. 6.—Governor Stone will neither affirm nor deny the report from Washington that he has been asked by President Roosevelt to call an extra session of the General Assembly to settle the coal strike.

He still declined to discuss the situation on the prospects of an early settlement of the differences between the operators and miners.

MEN WITH GUNS.

YOUNT CARMEL, Pa., Oct. 6.—While a company of the Fourth Regiment Infantry was patrolling the Lehigh Coal Company's Righter colliery early this morning, three men, armed with shot-guns, were discovered hiding behind a large building close to the engine house. They were made prisoners. They told Colonel O'Neill of the Fourth Regiment they were hunting for birds and then were released.

About midnight a crowd of unknown men hurled rocks at the soldiers' camp. Sentinels fired in the direction of the place the rocks came from. Part of the regiment searched the woods, but found no one. Colonel O'Neill says the troops shot to kill, as he will not allow his men to be made targets of.

No new mine was started up this morning, and so far as is known no non-uniforms were attacked.

MITCHELL ON A TRIP.

WILKESBARE, Pa., Oct. 6.—President Mitchell of the Miners' Union left here at 1:30 this morning, presumably for Philadelphia. The utmost secrecy is being maintained as to the object of his visit. The entire Wyoming Valley was quiet today. As far as can be learned, no more men went to work at any of the collieries. The Sterling washery at Plymouth made an attempt to start up, but no man reported for work.

LABOR HEADQUARTERS.

WASHINGTON, Oct. 6.—At the headquarters of the Federation of Labor, it was stated that President Mitchell would not be in Washington today, but would be tomorrow. No information can be had as to whether his coming has any bearing on the White House conference of yesterday, or whether he has any new proposition to offer looking to a settlement of the strike.

WILL MEET GOV. STONE.

HARRISBURG, Pa., Oct. 6.—Lieutenant-Colonel Elliott, Assistant Adjutant-General of the Pennsylvania National Guard, arrived in Harrisburg at 3:15 o'clock this afternoon from Philadelphia, and met Lieutenant-Colonel Richardson, keeper of the State Arsenal, at the Commonwealth Hotel and went from there to the Executive Mansion to meet Governor Stone. Colonel Elliott said his visit had nothing to do with the coal strike situation; that he was simply here on military matters.

Colonel Richardson said that he had a package, which, it is believed, contained blueprints of the coal regions. Colonel Richardson said that he had a package, which, it is believed, contained blueprints of the coal regions. Colonel Richardson said that he had a package, which, it is believed, contained blueprints of the coal regions.

Colonel Elliott is a graduate of West Point and is one of the most efficient officers in the Guard. Colonel Richardson is Division Quartermaster and if the Governor should order out additional troops he will be in charge of the canvas and other camp equipment from the arsenal in this city.

The entire Division of the Guard has only been called out once for duty on account of a strike since the great railroad riots of 1877. That was during the Homestead strike in 1892. Should the Governor order out the entire Division all the troops could be concentrated in the strike region inside of twenty-four hours.

HOW THE MOROS WERE WHIPPED.

Captain Pershing Tells
How He Hunted
Them Down.

Some of the Tribes Are
Very Anxious to
Have Peace.

WASHINGTON, Oct. 6.—The following account of Captain Pershing's expedition against the Moros has reached the War Department in a cablegram from General Davis at Manila:

"General Sumner from Camp Vicars reports as follows upon events up to September 28th:

"Captain Pershing and Captain El Helmic's columns fired into nearly every cotcha (small native fort) in Maclul. The places were captured and destroyed. Some were very strong but our bursting shells demoralized them and put the hostiles to flight. It is evident they do not intend to be cooped up as they were at Bavan. (This is the place where Captain Pershing first defeated the Moros in their forts.)

"One of the sultans of Maclul and forty or fifty Moros were killed and wounded. No property or goods destroyed except such as were found in captured forts.

"I am hoping that this has been a lesson that will be beneficial to the Moros. I will try to communicate with Bacod and others who have defied us. No opportunity will be missed to impress them with the fact that we can live in perfect peace with them if they will desist from hostilities and recognize our sovereignty.

"Some of the friendly Moros say that our booting of the Maclul Moros will be good news to all of the lake Moros."

AMERICANS ARE TOO SPEEDY.

LONDON, Oct. 6.—Generals Corbin, Young and John W. Gates had an unpleasant experience with the English motor laws. Both on Saturday and Sunday they were driving a car which was stopped by the police, who summoned the Americans for exceeding twelve miles an hour. The car, in each instance, was a fast new vehicle, just purchased by Sir Thomas Lipton. The car had lent it to Mr. Gates to show the Generals around the country. On Saturday they were driving through Windsor when a policeman arrested the chauffeur and took the names and addresses of Mr. Gates and General Young, who were the occupants of the car, and Sunday the same party, with General Corbin was near Brighton, when a policeman stepped out of a hedge and stopped the car. When the summonses were called no defense was made, for, as one of the Americans said: "The police have got you at their mercy. You may be morally sure you were not driving over the speed limit, but that is not effective against the police with their stop watches."

HENRY DALTON WILL BE A CANDIDATE FOR ASSESSOR. IN ANNOUNCING HIMSELF A BOLTING CANDIDATE HE PRETENDS TO BELIEVE THAT HE WILL NOT INJURE HIS LIFE LONG FRIEND, DR. PARDEE.

"After several weeks of very careful thought I have decided to allow myself to be presented as a candidate for County Assessor. In arriving at this decision I have carefully considered my friends first, and myself afterwards. I have looked at the situation from every point of view, and can arrive at no other conclusion than that I would be less than a self-respecting American citizen if I consented to lie down and allow my political enemies to walk over me and besmear me with mud as they have attempted to do ever since I took office and carried out the duties of an Assessor fearlessly and without partiality.

"The principle involved is greater than the personality. While I have been endeavoring to persuade myself that I should not interfere with the even way of the Republican nominations, many men who are now working hard and unselfishly to save the city of Oakland from being further robbed by its corporations, have been urging and practically demanding that in the interest of every honest citizen in this county, and especially of every honest taxpayer, it is my duty to secure the vindication from the voters which has been accorded me time and time again by court and jury.

"Probably in no other place in the Union has an official been subjected to such continuous persecution as the Assessor of Alameda county, during the past eight years. I recall the fact that some of the best interests of the tax-payers would be promoted by having an Assessor who would not be afraid to treat the big tax-payers on the same basis as small ones. I placed my self in nomination, made an independent campaign and was elected. At the end of four years in office the people were so satisfied with my administration that the bosses in control of the Republican party were forced, against their will, to place my name on its ticket. It will be remembered also that on this occasion—1898—it was difficult to find a candidate for any other political party to run against me.

"After my second election, the bosses, the allied bosses controlled by the big corporations, especially the Contra Costa Water Company, whose attorney, Mr. Emil Nusbaum, was at that time the leader among the bosses, determined that no stone should be left unturned to secure the immediate extermination of this new element in county politics. It is common history how false charges were worked up; how I was dragged into court and before Grand Jurors on the most trivial charges; how willing tools were found to swear to complaints on their face that they were thrown out of court as soon as my attorneys had an opportunity to expose their true inwardness; how newspaper influence has been purchased for the purpose of punishing me by attempting to discredit me in the eyes of the public—and all at the behest of a few tax-shirking corporations who found on my induction into office that they were entitled to no more privileges because they possessed money than the honest laborer who owns home and lot worth a few hundred dollars.

"All these things have been so well exploited that they need no recapitulation at this time. I refer to them merely to emphasize the position in which I now stand. It is true, too, that on one occasion twelve jurors decided that everything trumped up against me was false and malicious, and unequivocally acquitted me, nor has this vindication been partial—in no single instance did a jury disagree. What I now desire, and what is demanded of me, is that I put my whole name, from first to last, before the impartial tribunal of the thirty thousand voters of my county, whose interests have been entrusted to me for the past eight years.

"I ask the nomination of the convention of the whole people, which will be held on November 4th, in which every voter will be an independent member absolutely free to exercise his right of suffrage, independent of threats, or influence of bosses or corporations.

"It has been said up to me that I made no attempt to secure the nomination from the Republican convention and that I should therefore be quiet at this time, and allow the boss machine to carry out its program without let or hindrance. This, no doubt, would be very accommodating and agreeable to my political enemies; but it is not in accordance with the independent principles I have always encouraged and practiced.

"The situation simply resolves itself into this: that if an office holder attempts to express through his actions the will of the people, and to protect their rights, instead of consenting to obey the behests of those who live by wholesale robbery, and who are willing to spend a generous share of their loot to subvert tools who will carry out their nefarious schemes, he must be blackballed, vilified and hounded day and night year after year until he is obliged to seek refuge in retirement and silent submission to the schemes of the plunderers. It is this question that I place before the voters of this county at the coming election. My determination is not only for my own vindication, but on behalf of a principle which is as eternal as that upon which our Republic is founded.

"The greatest pressure has been brought to bear on me to refrain from taking this step, because of the alleged injury it will work to the candidacy of my life-long friend, Dr. Pardee, and it is very strange to note that a large portion of this influence has been brought to bear by men who have never lost an opportunity to defend his brilliant record and unimpeachable character.

"This aroused my suspicions, and convinced me that, if anything, my independent candidacy would be a distinct assistance toward the majority which will undoubtedly be given Dr. Pardee in this county. Since it became known, years ago, that Dr. Pardee was a candidate for Governor, I have never lost a single opportunity to prove my loyalty to him, and am doing it up to this hour, and shall do it as long as it can be of any service to him. There is no party significance to the step I now take. It is a personal matter with the voters of Alameda county, and in justice to myself and to the thousands who have assured me of their loyalty during the past few weeks, I am left with no alternative.

"Under these circumstances I consider that my cause is the cause of every decent citizen, and if it be demonstrated that the county of Alameda, and the citizens of Oakland especially, are irretrievably under the power of a few bosses, then I shall be content to retire to private life, with the satisfactory consciousness that I did not take the part of a coward by refraining from putting myself on trial before the court of last resort—the tribunal of the tax-payer and voter whose servant I have been, as Councilman or Assessor, for the past ten years.

"In conclusion I may say with infinite satisfaction that I have never yet been accused of not attending personally and industriously to the duties of my office, the great objection having been that I did altogether too much and was not content with permitting an unjust condition to remain unaltered.

"HENRY P. DALTON."

GERVAIS, Oregon, October 6.—Fire late last night wiped out the entire business portion of this place, two blocks of frame buildings being destroyed. The city had no fire apparatus and the citizens could do but little with buckets toward stopping the fire. The loss will probably reach \$50,000. Most of the losses are covered by insurance. Tauler's general merchandise store was the heaviest loser, the loss is \$10,000.

SENATORS CONCLUDE AT HONOLULU

Hawaiians Tell the
Committee What is
Needed

William Wright is a Big
Defaulter at the
Islands.

HONOLULU, Via San Francisco, Oct. 6.—The Senatorial Committee concluded its public hearings Thursday, September 25th.

A large number of petitions and memorials were presented to the committee during the last two or three days of the public hearings. Delegate Wilcox repeated his desire that the leper settlement on Molokai should be put under Federal control and lepers from all parts of the United States territory except the Philippines should be confined there. In opposition to this was a petition from the lepers at the settlement themselves, resolutions adopted by the Republican Territorial Committee, declaring the party and the citizens of the Territory generally opposed the plan. In addition a large number of citizens appeared to oppose it.

W. O. Smith filed a paper setting out in opposition to statements that had been made, that by far the larger portion of the sugar industry was owned and controlled by foreigners was owned and controlled by men who had been resident here a long time and had done much to develop the country.

Many testimony and many opinions respecting the crown lands was given. The question of the necessity of three circuit judges in Hawaii was discussed. Ex-Judge Humphreys actively opposed a third judge.

BIG DEFAULTER.

William H. Wright, Treasurer of the Territory of Hawaii, is an absconder and a defaulter to the extent of \$17,398. It is believed he stowed away on the steamship Alameda, which left here last Wednesday noon. Secretary of the Territory Henry Cooper has been appointed Treasurer temporarily by Governor Dole.

Wright's thefts from the Treasury were confined to special fund and Chinese deposit for sending away Chinese. The fund having been paid in by the planters several years ago when Chinese laborers were brought to the country. Under the Territorial act the Treasurer is not required to give bond, and the Legislature at its last session failed to make any provision for bonds.

It has been discovered that there is a large amount of counterfeit silver coin in circulation in this territory. The counterfeiters are Chinese and have been brought here by the Chinese.

COURT DECISIONS.

Governor H. H. Henshaw, as a result of two decisions by Circuit Judge Bear, in which it is held that the awards made by the special commission in the claims are reviewable, there will probably be a delay in the pro rata payment which was planned to make \$40,000 which was recently received by the Territory from the United States in payment of the interest on the bonds assumed by the United States when the islands were annexed.

DR. PARDEE FOR STRIKERS

He Made an Earnest Plea to Have
the Railroad Men Reinstated in
Their Old Positions.

The story that Dr. George C. Pardee was hostile to the railway employees who went out on the great strike of 1894 is absolutely disproved by his record. So far from being hostile to them Dr. Pardee actively exerted himself to secure their reinstatement after the strike had failed, and personally interceded with the late Colonel C. F. Crocker, at that time First Vice-President of the Southern Pacific, to have the men taken back in the company's employ.

Dr. Pardee headed a committee of prominent citizens that interceded with the railway officials for the men. That the strikers did not regard him as an enemy is shown by the fact that they personally solicited his good offices as a mediator with the officers of the company and his friendly disposition toward them is shown by the fact that he did so intercede and undoubtedly assisted in having a number of the strikers re-instated. The current newspaper reports of the time furnish ample evidence of this.

PARDEE ASKED TO MEDIATE.

The following extract from the Oakland Enquirer of July 24, 1894, contains an account of how Dr. Pardee pleaded with Colonel Crocker for the re-instatement of the strikers:

"Yesterday a committee of strikers paid several visits to Mayor Pardee to ask him to see the Southern Pacific Railroad authorities, or have a committee of prominent citizens do so, to intercede for the restoration of the old employees who went out on strike. This committee was not composed of the officers or leaders of the A. R. U., but of the rank and file, and Councilman Watkinson, himself a striker, was the spokesman.

"Mayor Pardee was not reluctant to undertake the mission, but told the men plainly that he would not ask for the re-instatement of the leaders of the strike or of any man who had been guilty of violence to person or property, but hoped he would appeal for the majority of the A. R. U."

"Finally the Mayor said he would go if he could get a committee to go with him, and this forenoon the visit was made. The delegation consisted of the following: Mayor G. C. Pardee, W. E. Miller, W. G. Palminteri, M. J. Keller, W. G. Henshaw, Charles E. Palmer, D. Edward Collins and F. A. Leach.

"They were met on behalf of the railroad by Colonel C. F. Crocker, H. E. Huntington, A. N. Towne, S. T. Gage, J. C. Stubbs and W. F. Herrin.

PARDEE MAKES PLEA.

"Mayor Pardee opened the proceedings by saying the delegation had come at the solicitation of some of the strikers who found themselves out of work and were anxious to get back; that they were not the leaders in having the strike declared, nor were they believed to be participants in any of the violence and lawlessness. The committee acted simply as citizens of Oakland, who realized that many men with families dependent upon them were out of work and in danger of want; most of them had been faithful employees; it was hoped the railroad company would recognize their past services and present situation and re-employ them. If they had acted with and judgment, it was probably largely because they had been misled.

"The Mayor also said that it had been given out in the guise of an official statement that no men who had belonged to the A. R. U. would be reinstated, but he trusted this was not so.

"W. E. Miller of the Oakland Bank of Savings also made a short but vigorous plea for the strikers, saying many good things about them, and other members of the delegation had something to say.

COLONEL CROCKER'S REPLY.

"In reply Colonel Fred Crocker stated the position of the railroad, and said the situation was about this: There was no feeling of resentment by the company against its former employees. After the strike began it gave out notice allowing a certain number of days for employees to return and warning them that if they did not come back by that time their places would be considered vacant. These notices were extended from day to day, but no considerable number of employees returned. Nevertheless, the company felt it wanted these men, most of whom were efficient workmen, and it realizes that after their present excitement is over the men will be as anxious to get back as the company was to have them."

This effectually disposes of the story that Dr. Pardee was hostile to the striking railway employees.

GRAND ARMY MEN GATHER BY THOUSANDS AT WASHINGTON

WASHINGTON, Oct. 6.—The men who fought for the Union in the great conflict that raged from 1861 to 1865 are the guests of the capital of the nation.

They came by thousands to participate in the thirty-sixth encampment of the Grand Army of the Republic, the opening ceremonies of which occur today, and were greeted by bright skies, a beautifully decorated city and hospitable people. The streets were early the scene of great activity, and on all hands could be heard the prediction that the encampment was to be a success. The visitors already counted by the tens of thousands, and trains are arriving with their loads of human freight. A noticeable feature is the presence of a great many young folks among the out of town people.

The city with its lavish decorations never looked more attractive than today. There is not a street in the city that is not decorated with the national colors and many of the stands and vehicles on the streets are similarly decorated. The streets have been specially cleaned in preparation for the event and everything is in apple-pie order for the veterans.

The program for the day includes an automobile parade, a regatta on the Potomac, the dedication of Camp Roosevelt, a monster camp fire at Convention Hall and a grand display of fireworks tonight.

Many handsomely decorated vehicles participated in the automobile parade. The start was made at 10 o'clock from Scott Circle and the line extended for many blocks. After passing through the principal streets the procession was reviewed by a number of Cabinet officers and other invited guests from the judges' stand, erected near the White House.

The George W. Cook life and drum corps of Denver, numbering seventy members, one of the most famous organizations of its kind in the country, arrived here today. They serenaded President Roosevelt at the temporary White House, Postmaster-General Payne and the local newspaper offices.

Commander-in-Chief Torrance spent the day with other general officers of the order at headquarters at the Ebbitt House, receiving delegates and distinguished members of the order.

Among those who called were official representatives of the Departments of Arizona and California. Prominent in the Ohio delegation was General Henry B. Carrington of Ohio, now 39 years old, said to be the only surviving regular Army Colonel of ante-bellum days. General Torrance told all comers that the outlook for the encampment could not be better.

A center of interest during the day were the grounds south of the White House. There, on the ellipse, under the shadow of the Washington monument, are located tents which are to be used as the headquarters for the different corps and other departments whose members constitute the Grand Army. Among the organizations that are represented are the Army of the Potomac, the Army of the James, the Army of the Cumberland and the Army of the Tennessee. All these tents were occupied during the day and proved powerful magnets to the veterans. There were officers on hand to answer questions and many interesting stories were told. The Postoffice and hospital tents were taken possession of during the day, as were most of the tents which are to be used as free sleeping quarters. After today the camp will be under guard as in war times.

NEW YORK, Oct. 6.—The tentative plan of the Southern Pacific Directors to issue \$25,000,000 bonds for improving the system has been abandoned, so a representative of E. H. Harriman said today. It is understood that conditions are regarded as unfavorable to such a plan at this time.

IRRIGATION
CONGRESS IS
IN SESSION

**Splendid Work Will Be
Accomplished for
the West.**

**Pres. Roosevelt Sends a
Strong Telegram to
the Delegates.**

COLORADO SPRINGS, Colo., Oct. 6. —The Tenth National Irrigation Congress opened at 2 o'clock this afternoon under circumstances especially auspicious. Great significance is lent to what will be done this year through the fact that the irrigation movement has been taken out of the epoch of merely a propaganda and given a national importance, through the action of the last Congress in passing a bill authorizing the proceeds from the sale of State lands to be used for irrigation purposes in the several States.

Addresses were made at the conclusion of President Walsh's speech by Senator Patterson of Colorado, Representatives Bell and Shafroth of Colorado, and C. E. Boothe of Los Angeles, former president of the Congress. Appointments of committees closed the afternoon program.

The delegates will be guests of honor tonight at a reception and ball at the Anders' Hotel.

President Roosevelt sent the following message:

"WASHINGTON, Oct. 6.—Accept my hearty good wishes. Nothing has been

done in which I have taken a greater interest during my administration than the inauguration of nationally-aided irrigation.

(Signed) _____

THEODORE ROOSEVELT.

The morning was taken up with the reception of delegates from all parts of the West, morning trains having brought large delegations from Minnesota, Nebraska, Utah, Oregon, California and Arizona.

The new Mexico delegation reached the city yesterday, ex-Governor Prince, vice-president of the delegation, saying: "The personnel of this Congress is regarded by all those in attendance as decidedly higher in character than that of any previous irrigation Congress."

Thomas F. Walsh, president of the Congress, said this morning: "I look for the most successful gathering in the history of the irrigation movement."

BERKELEY AND STATE UNIVERSITY

Practical Courses Will Begin Sessions Tomorrow. Football Rallies Planned By Student of the University. News Notes Gathered In the Town and University.

BRANCH OFFICE, 2211 STANFORD PLACE. TELEPHONE MASON 1761

BERKELEY, Oct. 6.—The two practical courses in dairying and horticulture will open their sessions tomorrow at the State University. Already over thirty-seven students have enrolled in the former course. As this marks the capacity of the laboratory in the course, but few more will be accepted. The dairying school this year will be one of the most unique and most practical to be found in the United States. A cow-barn has been built in Co-ed Canyon, and a number of thoroughbred cattle have been purchased in the East. The students of the course will be required to attend to the cattle, and thus learn the proper way of caring for them. In the course itself, attention will be divided between the making of butter, cheese and other dairy products, and lectures in stock feeding and breeding. It is expected that the course in practical agricultural methods will also be well attended. Attention this year will be devoted chiefly to horticulture and to orchard farming.

Students are enrolling in the courses from all over the State. Work of instruction will commence tomorrow, and close in six weeks.

RALLIES PLANNED FOR FOOTBALL SEASON. BERKELEY, Oct. 6.—On next Wednesday afternoon the footballers will hold a football rally on the bleachers. On the Friday evening before the Freshman game, the second night rally will be held. An attempt will be made to secure Manager Agler of the Southern Pacific to speak at this time.

The annual all rally of the year will be held on Wednesday afternoon, October 8th. Lloyd Womble, custodian of the ax, will display the trophy. On the evening before the game, the men students will hold their annual smoker in the gymnasium.

The women students of the University will hold a women's smoker at the same time in the week preceding the game.

CHRISTIAN ENDEAVORERS INSTALL THEIR OFFICERS. BERKELEY, Oct. 6.—The Christian Endeavor Society of the North Berkeley Congregation, which installed the following officers at their regular meeting last night. Both Senior and Junior officers were installed. The officers installed were as follows: President, H. W. Miller; vice-president, Miss May Lee; secretary, Miss George Scott; treasurer, Miss Bessie Sprague; The State Superintendent of the Quiet Hour, Dr. Sarah E. Wise, addressed the Endeavorers.

MANAGERS SECURE GROUNDS FOR FOOTBALL GAME. BERKELEY, Oct. 6.—Manager J. S. Edwards of Stanford and Graduate Manager Ezra Decoto of the University of California, have finally obtained grounds in San Francisco, upon which to play the Freshman and Intercollegiate football games. The grounds, situated at the corner of the Richmond and District in San Francisco near the present location of the Chutes. At a conference between the two managers held this morning, final arrangements were made in regard to the bleachers and fitting up the grounds for the Freshman game on October 18th.

SUNDAY SERVICES AT BERKELEY CHURCHES. BERKELEY, Oct. 6.—Rev. William Ford Nichols, Bishop of the Diocese of California, administered the rite of confirmation yesterday morning at St. Mark's Episcopal Church. He occupied the pulpit during the morning service.

The pulpit of the First Presbyterian Church of this city was occupied yesterday by Rev. Dr. Thomas Chalmers Eaton of Washington, D. C., who preached upon "Obedience" in the morning, and "Heaven" in the evening.

Rev. E. W. Halsey, pastor of the First Baptist Church, occupied both the morning and evening pulpits of his church. His sermons were on "Loss and Gain," and "In the Tolls."

The Sacrament of the Lord's Supper was observed yesterday morning at Trinity Methodist Church. In the evening the pastor, Rev. C. K. Jenness, preached on "The First Meaning of the Fact of Christ."

Communion was also observed yesterday morning at the South Berkeley Presbyterian Church. In the evening

the pastor, Rev. H. H. Dobbin, spoke on "Joshua, the Leader," was the subject of the Sunday morning sermon of Rev. F. L. Hosmer of the First Unitarian Church.

VARSITY DEFEATS RELIANCE IN FIRST GAME. BERKELEY, Oct. 6.—The Varsity defeated the Reliance Athletic team on the campus Saturday afternoon by the score of 16 to 0. The Varsity was greatly weakened by the loss of Warren Smith, who was called to his home near Sacramento by the death of his father. It is very doubtful as to whether Smith will play the game again this year.

On next Saturday the Varsity will play the Alumni team on the campus. The following Saturday the annual intercollegiate Freshman game will be played in San Francisco.

OAKLAND HIGH SCHOOL TO PLAY FRESHMEN. BERKELEY, Oct. 6.—The Freshman football team and a team from the Oakland High school will play football tomorrow afternoon on the University campus.

RECORDS BROKEN AT ACADEMIC FIELD DAY. BERKELEY, Oct. 5.—Oakland High school won the championship of the Academic Athletic League at the field day held on the University cinder track on Saturday afternoon. The scores made by the respective schools were as follows: Oakland High school, 41 points; Ukiah High school, 30; Berkeley High school, 16; Santa Rosa, 12; Healdsburg, 9; Lowell, 6; Lick, 6; Alameda, 3; Mission, 1.

Three records in all were broken. Ralph Rose, the only representative of Healdsburg High school, put the 12-pound shot a distance of 49 feet 8 inches, breaking the world's inter-school record at that event. Hagans of Ukiah lowered the time of the 100 yard dash from 16.25 to 15.5 seconds, beating out his opponent, Hughes of Oakland, by only an arm's length. De Manuel of Lowell won the mile run in 4:42.25 seconds, breaking his own record in the event by 2.35 seconds.

SOCIAL NOTES GATHERED IN BERKELEY. BERKELEY, Oct. 6.—Mr. and Mrs. John M. Fox celebrated their "glass wedding" on Friday evening last at their residence on Bancroft way. A large number of friends attended to congratulate the host and hostess on the fifteenth anniversary of their wedding.

The Catholic ladies of Berkeley gave an entertainment on Saturday night in Fraternity Hall. The ladies were assisted by talent from Oakland and San Francisco.

The Firemen's Association gave a benefit entertainment on Saturday night for Fred Lockyer, a sick member.

GRASS FIRES THREATEN BERKELEY RESIDENCES. BERKELEY, Oct. 6.—Grass fires threatened surrounding property twice yesterday, and the services of the Volunteer fire department were required to extinguish them. At the corner of Hopkins street and Albin avenue, the fire was caused by a heavy iron scraper, a cypress hedge and a row of eucalyptus trees, and at one time seriously threatened the residences of Henry Taylor and Captain Probst.

The second fire was at the corner of First and Grove streets. Both fires were extinguished without any loss resulting.

WILL ASK LEGISLATURE FOR INCREASED APPROPRIATION. BERKELEY, Oct. 6.—The directors of the newly organized California Polytechnic school at San Luis Obispo, of which Professor Leroy Anderson is to be the president, met on Saturday and adopted the plans for a group of buildings which W. H. Week of Watsonville had submitted. The directors will soon advertise for bids on two of the buildings, a recitation hall and a dormitory. The aggregate cost of the two buildings will be \$25,000. The buildings will be small, the dormitory being built to accommodate a small faculty and thirty pupils.

As only \$25,000 was appropriated for the school, more funds will be needed to complete the work. The people of San Luis Obispo will ask for \$100,000 more at the next session of the Legislature.

BERKELEY TEAMSTER DRAGGED BY RUNAWAY TEAM. BERKELEY, Oct. 6.—Roy Wilson, a West Berkeley teamster, came very near being killed on Saturday afternoon, when he was driving a team of horses attached to a heavy iron scraper, when suddenly the team became frightened and started to run. Wilson was pinned beneath the implement and dragged a considerable distance before being rescued by his fellow workmen. He suffered a number of severe bruises and a number of internal injuries.

"I want some more."—Oliver Twist.

You can't make a 20th Century breakfast of a 19th Century oatmeal.

The difference between H-O and other oatmeals is the way it's made. This way makes it so good that many people are willing to pay fifteen cents a package as against ten for other oatmeals. So will you if you try H-O.

PARDEE CLUB AT HAYWARDS. PERMANENT ORGANIZATION WAS EFFECTED SATURDAY NIGHT. HAYWARDS, Oct. 6.—The permanent organization of the Pardee-Anderson Club of Eden Township was effected last Saturday at a meeting held in the Town Hall.

The meeting opened with the election of permanent officers. G. S. Langan was elected chairman, while William Zambresky, the temporary secretary, was elected permanent secretary. The enrollment committee, which includes the following names, was not changed: Haywards—William Zambresky, G. S. Langan, J. W. McCoy, E. O. Walpert, R. A. Kolze, Dr. H. Powell, M. Eden—Henry Gansberger, F. Dennis, San Lorenzo—A. G. Roberts, J. C. Lavin, Castro Valley—I. B. Parsons, Joseph Gomez.

A committee, including P. J. Crosby, Charles Prowse and G. S. Langan was appointed to confer with the State central committee in regard to arrangements for a big rally to be given under local auspices. This committee will report at the next meeting of the club, Friday, October 10th.

It was decided that ten honorary vice-presidents would be appointed, which appointment was left with the chairman, who will announce his decision on Friday.

A finance committee, including members from the various sections, will also be selected by the chairman.

The committee whose duty it is to raise funds for the club on the workings of the club, includes D. B. Morgan, C. Prowse, Dr. F. W. Browning, G. A. Oakes and W. J. Ramage.

Program—W. Angus, J. T. Armstrong, and G. S. Langan. Up to date the club has over 500 names on its enrollment lists, and the members expect to secure more than a thousand. The club will undoubtedly be one of the strongest Pardee organizations in the county.

Saturday night meeting adjourned to meet next Friday evening, when the time reports of the various committees will be received and the chairman will appoint the ten honorary vice-presidents and the financial committee.

ON THE TRAIL OF HARRY LORD. Frank C. Cesar, the restaurant man of this place, who claims to have been swindled out of \$14,350 some time ago by a man by the name of Harry Lord, has sworn to a complaint charging Lord with obtaining money under false pretenses.

According to Cesar, Lord entered the former's restaurant and after drinking a cup of coffee he placed a twenty-dollar note on the counter. The restaurant keeper counted out the change and was about to pick up the note when, he alleges, that Lord seized it and, remarking that he had made a mistake, put it in his pocket and placed the same on the counter. Cesar, picking up the change for the twenty-dollar note, walked from the restaurant. Upon examining the note the keeper found it was a counterfeit and that he had been bunched out of \$14.35. He dashed from the restaurant in pursuit of the man, but was unable to find him. He now thinks that he has located Lord.

BOARD OF TRADE WILL MEET. There will be an important meeting of the Haywards Board of Trade tonight, at which time the proposition of securing early trading for this place will be discussed at length. It is expected that members of the San Leandro Board of Trade will be in attendance to report on the progress made by them in the same matter. Both organizations have combined forces in an attempt to induce the Southern Pacific Company to put an early train on this route. The Board will ask that the train be run in time to connect with the 7:30 ferry, which the people from these sections formerly made connections with before the recent change in the time schedule. A large attendance is expected at tonight's meeting.

WILL CLOSE LIBRARY SUNDAYS. Yesterday the Haywards Public Library was closed for the first time in a year. At a recent meeting of the Library Trustees it was decided that the library should be closed all day Sunday in the future. For the past twelve months it has remained open on Sundays, but as no one ever attended the library on that day, it was decided to close it in the future. Bills to the amount of \$115 were passed upon by the Trustees and ordered paid.

THEY ENTERTAINED FRIENDS. Mr. and Mrs. Bockman, who reside between this place and San Lorenzo, recently entertained a number of friends at the beautiful new home, which has been completed but a short time.

NEWS NOTES FROM LIVERMORE. LIVERMORE, Cal., Oct. 6.—Ever since the laying of the county road south of town, past the Everson vineyard, a bridge has been badly needed at the crossing of the Arroyo Mocho creek, but as the crossing is within the town limits and the town authorities are unable to stand the cost of such a bridge as is needed at this crossing it has been decided to try and give this property to the county. The Supervisors have expressed a willingness to annex the district mentioned, and also to build a bridge across the creek. To have this done it is necessary to secure the approval of a certain percentage of the voters of the town and petitions have been placed in several of the business houses where those interested may sign them.

THE S. P. GRAVEL PIT. The Southern Pacific Company is making arrangements to carry on work at their gravel pit between this place and Pleasanton both day and night. Some time ago the company took the large shovel from this place to Fresno and replaced it with a smaller one from Los Angeles. Work has been very active in the pit lately and now the winter is approaching the demand for gravel for ballasting purposes increases and a large force of men will be put to work in the local pit. Arrangements are being made with the Livermore Water and Power Company to put in a sufficient number of electric lights so that the work of loading and switching can be done in safety.

A BEAN FEAST. Captain J. McKown, a guest in the shape of a bean feast and smoker. There was quite a crowd present and an impromptu dance followed the supper. The captain is conducting a surprise on the boys by hiring a colored orchestra who furnished music. The colored boys were very good fellows and furnished many vocal selections for the entertainment.

STONE SECURES ANOTHER LEASE. ELMHURST, Oct. 6.—The lease held by the E. B. and A. L. Stone Company on the Dias Tract, which comprises forty acres of land in the central part of Elmhurst and on which is located the principal buildings of this town, has been renewed for another year. The first lease, which was let in 1892, extended for ten years and expired this month. Just what disposition would be made of the property was a matter of considerable speculation among Elmhurst, as it was said that Dias would not extend the lease. According to the original lease Stone had the option to purchase the land for \$50,000. It may yet be the intention of the Stones to buy the property, or they may have secured an extension of time in order to move their buildings on to property they own, which is also situated in the central part of town. No statement, however, has been made by them as to what action will finally be taken, and it is probable that they intend buying the land outright. In the meantime they are paying \$100 a month for the use of the tract.

THEY WANT RURAL DELIVERY. A petition, signed by the residents of this place, requesting the establishment of a rural delivery system in Elmhurst, was sent to Washington last Saturday. Before being dispatched to the Capital City, the petition was endorsed by Congressman Metcalf.

Much interest is centered in the establishment of a rural delivery for Elmhurst and the residents will anxiously await the decision of the postal authorities.
